WORK EXPERIENCE

FTI Consulting, Singapore – July 2018 - Present Corporate Finance and Restructuring, Senior Consultant

- Conducted independent restructuring review of an Australian hotels group by evaluating exit options, renegotiating leases and refinancing loans. Analysed financial statements, loan facilities, management agreements, leases, intercompany debts, corporate guarantees and Covid-19 reliefs for various jurisdictions to ascertain profitability and solvency of various entities of the group and generating cash flow forecast and financial projections.
- Assisted Chief Restructuring Officer and financial advisors of global oil & gas trading groups based in Singapore and United Arab Emirates in cash monitoring, lenders and creditors management, investigating misfeasance in debt restructurings above USD1 Billion. Provided lenders with regular updates on restructuring progress, generated estimated realization models for individual lenders at entity level. Assisted secured creditors to realise security as going concern through sales campaign to preserve and maximize value.
- Prepared a liquidation valuation of SGX-listed manufacturing group by performing industry research, analysis of company's financial statements, cashflow projections, assessment of business plans and exit strategy.
- Assisted with preparation of reports, presentations, quantitative exhibits, and other client deliverables involving financial statement analysis in both English and Chinese.
- Assisted with various insolvency engagements, management of key stakeholders and regulatory requirements

Barclays Bank, Singapore – July 2016 – October 2017 Management Associate Program - Global Markets, Trade Capture Utility - Analyst

- Acted as the key point of contact between front & back-office teams as FX products sales & trading assistant
- Assisted with trade booking/amendments, novation, risk management, post trade processing, life-cycling of trades
- Independently initiated and implemented ways to improve existing processes which has significantly reduced the effort and time taken to perform routine business tasks

Nordea Bank, Singapore – January 2016 – March 2016 Shipping, Offshore & Oil Services, Credit Analyst Intern

- Conducted financial modelling and credit analysis on portfolio of clients as part of periodic credit review
- Supported relationship managers in maintaining customer relationships, performing KYC due diligence

Smartkarma Innovations, Singapore – June 2015 – December 2015 Event-Driven (M&A), Intern

- Worked on M&A equity research insights and other special situations eg. Spinoffs, Rights issue, Partial offers by assisting on financial statement analysis, regulatory approvals, generating charts and valuations
- Building proprietary database of M&A deals generating deal completion probability and timeline for ongoing deals
- Stock pitch contest - evaluating and presenting an investment strategy
- Ad-hoc translation of Chinese documents including but not limited to regulatory announcements and contracts

Pricewaterhouse Coopers, Singapore – May 2014 – July 2014 Crisis Management, Intern

- Participated in 2 forensic email reviews regarding procurement fraud, bribery and corruption investigation
- Guided new joiners on usage of forensic software and independently created a user guide for the software which significantly reduced the time required to train new colleagues
