Explanations:

ECTS credits: full academic year = 66 credits

(1) **Duration of course unit:**

1S = 1 semester  
2S = 2 semesters

(2) **Description of the institutional grading system:**

A 20 point scale with intervals of half a point is used. 20 is the highest mark and 0 is the lowest.

Marks below 11 constitute a failing grade. Marks of 11 and higher but below 13 constitute a pass with the grade « fair », marks of 13 and above but below 15 constitute a pass with the grade « good », marks of 15 and above but below 17 constitute a pass with the grade « very good », marks of 17 and above constitute a pass with the grade « excellent ».

A student having achieved an overall average of at least 15 with no mark below 13 and at least three marks equal to or above 17, not including extra-curricular activities, may obtain the grade of "excellent by authority of the academic council".

A mark of at least 11 in each of the subjects making up a student's study programme is required to obtain a degree .

However, the degree is also awarded to a student who satisfies all of the four conditions below :

- (i.) has an overall average of 13 or higher,
- (ii.) receives no mark lower than 9 (« non-compensable fail »),
- (iii.) obtains no more than two marks lower than 11 but equal to or above 9 (« compensable fail »),
- (iv.) does not receive a mark below 11 for the Master's thesis.

When the marks obtained during the first examination sessions do not satisfy one or more of these four conditions, the student must resit during the second session all subjects for which he or she obtained a mark lower than 11.

The same limited compensation rule applies to both examination sessions.
