Release of Information

The Family Educational Rights and Privacy Act of 1974 and later amendments prohibit release of information from this document to a third party without the student's written consent.

Academic Status

The student is eligible to return unless otherwise noted. Academically dismissed undergraduate students may apply for readmission for the term following the completion of the suspension period. A student is placed on suspension when the student's cumulative GPA falls below 2.0 for two successive terms of attendance and the following term of attendance GPA falls below a 2.0. Graduate students who receive a grade of "C" on more than the allowable number of term hours or any grade of "D" or "F" will be reviewed for possible academic termination by their graduate program. A student is placed on Dean's List for each term in which a term GPA of at least 3.5 is attained, based on a minimum of 12 term credits excluding courses graded credit/noncredit with no grade below "C".

Course Numbering

Courses numbered in the 100 and 200 series comprise the lower division offerings and are open to all students; courses numbered in the 300 and 400 series comprise the upper division offerings and are designed for juniors and seniors. Courses in the 500, 600, 700, and 800 series are for graduate students.

Repeated Courses

If an undergraduate student repeats a course in which a "D" or "F" was earned on the first attempt, the student may request that only the better grade be counted in the computing of the cumulative GPA. This action will take affect retroactively at the time the student took the course and from that term forward but will not affect the Academic Action (probation, etc.). If, however, more than one "D" or "F" grade is received in the same course, only one of these grades will be removed from the computation of the cumulative GPA. A symbol of "E" to the right of the course indicates that the grade and earned hours are excluded from the GPA.

A repeated course may be counted only once toward credits necessary for graduation. A symbol of "A" to the right of the course indicates that the course is duplicate credit and the grade and hours are included in the GPA, but the hours have been excluded from the earned hours total. A symbol of "I" to the right of the course indicates that the grade and earned hours are included in the GPA. Grades for all attempted courses remain on the student's permanent record.
