International insolvency law is when different parties, mainly the insolvent entity and creditors, are in and transact in different regions. When this happens there are systems guiding the insolvency should progress.

**More detail would have improved the mark awarded for this sub-question.**

**Have you considered the authoritative quotes of Wessels and Fletcher?**

### Question 2.2 [maximum 5 marks]

Differentiate between the concepts of universality and territoriality in cross-border insolvency.

Universality is a concept where the liquidating entity should have all of its assets and debts recognised and insolvency proceedings on these should be presided upon in one jurisdiction.

Territoriality is a concept which says that insolvency proceedings should be able to occur in multiple jurisdictions where the liquidating entity holds assets/debt.

**More detail would have improved the mark awarded for this sub-question.**

**These theories involve jurisdiction, recognition and effect and detail is required with respect to each of those matters.**

3

**Question 2.3 [maximum 3 marks]**

### **QUESTION 3 (essay-type questions) [15 marks in total]**

#### **Question 3.1 [maximum 5 marks]**

Write a brief note on the differences regarding the objectives of insolvency for individuals and corporations.

The objective of a corporate insolvency is to temporarily manage the ongoing operations of the assets, then explore the avoidable dispositions with a view to reverse these if possible. Once complete, the main goal is to realize the assets and distribute to the owners. For personal insolvency it is to protect the insolvent party from harassment from creditors and reduce indebtedness.

**This answer displays a satisfactory understanding of the issues. To improve your responses, ensure they are commensurate with the mark allocation – while Q 3.1 asks for a brief note, it is for 5 marks.**

**3**

#### **Question 3.2 [maximum 5 marks]**

Write a brief note on the difficulties that may be encountered when dealing with insolvency law in a cross-border context relating to pertinent differences in the relevant systems.

The key difficulties relate to the different laws which apply in the different jurisdictions. Some common law jurisdictions will have different principles to regions which are run by other legal systems. In addition, there are some regions which are pro-creditor and others which are pro-debtor. This could cause a variance in how easily discharged a debt can be in the process.

**This answer displays a satisfactory understanding of the issues. To improve your responses, ensure they are commensurate with the mark allocation – while Q 3.1 asks for a brief note, it is for 5 marks.**

**Further detail would be beneficial. For example, consideration of Westbrook's 9 key issues.**

**2.5**

#### **Question 3.3 [maximum 5 marks]**

What multilateral steps have been taken in the 21<sup>st</sup> century to promote harmonisation of domestic insolvency laws? In your opinion, how much impact are these likely to have in addressing international insolvency issues? Include reasons for your opinion.

In order promote uniformity there has been the publishing of the UNCITRAL Practice guide on Cross-Border Insolvency.

These will have a big impact on the addressing international insolvency issues because this provides guidance on how insolvency practitioners can operate in the absence of any guidance or set laws. In addition it could save time in the winding up of the entity.

**To improve your responses, ensure they are commensurate with the mark allocation – while Q 3.3 asks for a brief note, it is for 5 marks.**

**The question addresses more broadly the harmonisation of domestic insolvency laws in general. See the 'model' answer on this sub-question.**

**QUESTION 4 (fact-based application-type question) [15 marks in total]**

Nadir Pty Ltd (“Nadir”) is a company registered in Utopia. Originally it was incorporated in the neighbouring country of Erewhon before moving its registration and head office to Utopia one month ago. Apex Pty Ltd (“Apex”) is incorporated and has its head office in Erewhon. Apex and Nadir enter into a contract by exchange of emails between their head offices for Apex to supply goods to Nadir in Utopia. Nadir has failed to pay for the goods which have been delivered in accordance with the contract. Apex issues court proceedings against Nadir in Utopia for monies owing for the goods sold and delivered.

Meanwhile, Nadir also owes monies to creditors in Erewhon. One Erewhon creditor obtains a court winding-up order against Nadir in Erewhon and a liquidator is also appointed by that court.

If you require additional information to answer the questions that follow, briefly state what information it is you require and why it is relevant.

**Question 4.1 [maximum 5 marks]**

Assume the UNCITRAL Model Law on Cross-border Insolvency has been adopted by Utopia without modification, except as required to domesticate it. For example, the Cross-border Insolvency Act of Utopia names its local laws relating to insolvency and its competent court under the Act. The Erewhon liquidator’s investigations detect that Apex is suing Nadir in Utopia. The liquidator would like to stop Apex court action against Nadir in Utopia. Advise the Erewhon liquidator on the potential relevance of the Cross-border Insolvency Act of Utopia.

Given that Nadir is in formal insolvency there should be a moratorium. Therefore, there is a stay on proceeding on Apex. In addition, the liquidators are in Erewhon and Apex is currently suing Nadir in Utopia.

**The question requires candidates to apply the relevant MLCBI articles to the facts provided in more detail than that above.**

2.5

**Question 4.2 [maximum 2 marks]**

Would it make any difference to your answer in question 4.1 in the following two alternative scenarios to Apex suing for its debt?

- (a) Apex had filed proceedings to wind-up Nadir, but the matter had not yet been heard.  
Yes, as the moratorium will not be in effect.
- (b) Apex had obtained a court order to wind-up Nadir in Utopia prior to the Erewhon winding-up order.

No,

**Refer to Article 29 on concurrent insolvency proceedings, under which the local proceedings in Utopia maintain pre-eminence over the foreign proceedings in Erewhon.**

**Question 4.3 [maximum 8 marks]**

**NB: This question is not related to Questions 4.1 and 4.2**

A court has ordered the commencement of an insolvency proceeding against a corporate debtor in the State of its incorporation and head office. The company has operated business in a number of States and has assets (real property or interest in land, other tangible assets and intangible assets); creditors (including taxation / revenue authorities) and directors in several States.

Select a country for the company's incorporation and, based on the insolvency laws of the country you select and the brief facts provided, describe four key international insolvency issues facing the insolvency representative in this scenario. For each issue, what domestic laws or international instruments apply to assist the insolvency representative address these four issues?

Country chosen, England.

**\* End of Assessment \***

Key issue 1: Foreign Creditors of the entity

Can use the UNCITRAL guide to assist with this.

Key issue 2: Foreign assets held

Can use the UNCITRAL guide to assist with this.

Key issue 3: Foreign creditors with potential priority (taxes)

This will depend on the state taxation laws. And money withheld in this state could potentially prejudice other creditors.

Key issue 4: Different directors in different states

When trying to ascertain if directors are in breach of their duties (specifically w.r.t avoidable dispositions) it could be difficult to bring legal proceedings against these individuals in different states.

We would need to assess the individual state laws and determine if these individuals are in contravention and if suing them can bring back assets to the estate.

**Further detail is warranted. Please see the model answer.**
