

SUMMATIVE (FORMAL) ASSESSMENT: MODULE 2A

THE UNCITRAL MODEL LAWS RELATING TO INSOLVENCY

This is the **summative (formal) assessment** for **Module 2A** of this course and is compulsory for all candidates who **selected this module as one of their compulsory modules from Module 2**. Please read instruction 6.1 on the next page very carefully.

If you selected this module as **one of your elective modules**, please read instruction 6.2 on the next page very carefully.

The mark awarded for this assessment will determine your final mark for Module 2A. In order to pass this module, you need to obtain a mark of 50% or more for this assessment.

INSTRUCTIONS FOR COMPLETION AND SUBMISSION OF ASSESSMENT

Please read the following instructions very carefully before submitting / uploading your assessment on the Foundation Certificate web pages.

1. You must use this document for the answering of the assessment for this module. The answers to each question must be completed using this document with the answers populated under each question.
2. All assessments must be submitted electronically in MS Word format, using a standard A4 size page and a 11-point Arial font. This document has been set up with these parameters – **please do not change the document settings in any way. DO NOT** submit your assessment in PDF format as it will be returned to you unmarked.
3. No limit has been set for the length of your answers to the questions. However, please be guided by the mark allocation for each question. More often than not, one fact / statement will earn one mark (unless it is obvious from the question that this is not the case).
4. You must save this document using the following format: **[student ID.assessment2A]**. An example would be something along the following lines: 202122-336.assessment2A. **Please also include the filename as a footer to each page of the assessment** (this has been pre-populated for you, merely replace the words “studentID” with the student number allocated to you). Do not include your name or any other identifying words in your file name. **Assessments that do not comply with this instruction will be returned to candidates unmarked.**
5. Before you will be allowed to upload / submit your assessment via the portal on the Foundation Certificate web pages, you will be required to confirm / certify that you are the person who completed the assessment and that the work submitted is your own, original work. Please see the part of the Course Handbook that deals with plagiarism and dishonesty in the submission of assessments. **Please note that copying and pasting from the Guidance Text into your answer is prohibited and constitutes plagiarism. You must write the answers to the questions in your own words.**
- 6.1 If you selected Module 2A as one of your **compulsory modules** (see the e-mail that was sent to you when your place on the course was confirmed), the final time and date for the submission of this assessment is **23:00 (11 pm) GMT on 1 March 2022**. The assessment submission portal will close at 23:00 (11 pm) GMT on 1 March 2022. No submissions can be made after the portal has closed and no further uploading of documents will be allowed, no matter the circumstances.
- 6.2 If you selected Module 2A as one of your **elective modules** (see the e-mail that was sent to you when your place on the course was confirmed), you have a **choice** as to when you may submit this assessment. You may either submit the assessment by **23:00 (11 pm) GMT on 1 March 2022** or by **23:00 (11 pm) BST (GMT +1) on 31 July 2022**. If you elect to submit by 1 March 2022, you **may not** submit the assessment again by 31 July 2022 (for example, in order to achieve a higher mark).
7. Prior to being populated with your answers, this assessment consists of **12 pages**.

ANSWER ALL THE QUESTIONS

Total: 25 out of 50 marks

Please note that all references to the “MLCBI” or “Model Law” in this assessment are references to the Model Law on Cross-Border Insolvency.

QUESTION 1 (multiple-choice questions) [10 marks in total] 7 marks

Questions 1.1. – 1.10. are multiple-choice questions designed to assess your ability to think critically about the subject. Please read each question carefully before reading the answer options. Be aware that some questions may seem to have more than one right answer, but you are to look for the one that makes the most sense and is the most correct. When you have a clear idea of the question, find your answer and **mark your selection on the answer sheet by highlighting the relevant paragraph in yellow**. Select only **ONE** answer. Candidates who select more than one answer will receive no mark for that specific question.

Question 1.1

Which of the following statements **incorrectly** reflects the main purpose of the Model Law?

- (a) The Model Law provides effective mechanisms for dealing with cases of cross-border insolvency so as to promote a number of objectives, including the protection and maximisation of trade and investment.
- (b) The Model Law provides effective mechanisms for dealing with cases of cross-border insolvency so as to promote a number of objectives, including the fair and efficient administration of cross-border insolvencies that protects the interests of all creditors and other interested persons, not including the debtor.**
- (c) The Model Law is a substantive unification of insolvency law so as to promote co-operation between courts of the enacting State and foreign States and facilitation of the rescue of financially troubled businesses.
- (d) All of the above.**

Question 1.2

Which of the following statements is **unlikely** to be a reason for the development of the Model Law?

- (a) The existence of a statutory basis in national (insolvency) laws for co-operation and co-ordination of domestic courts with foreign courts or foreign representatives.**
- (b) The difficulty of agreeing multilateral treaties dealing with insolvency law.
- (c) The practical problems caused by the disharmony among national laws governing cross-border insolvencies, despite the success of protocols in practice.
- (d) None of the above.**

Question 1.3

Which of the following challenges to a recognition application under the Model Law **is most likely to be successful**?

- (a) The registered office of the debtor is not in the jurisdiction where the foreign proceedings were opened, but the debtor has an establishment in the jurisdiction of the enacting State.
- (b) The registered office of the debtor is in the jurisdiction of the enacting State, but the debtor has an establishment in the jurisdiction where the foreign proceedings were opened.
- (c) The debtor has neither its COMI nor an establishment in the jurisdiction where the foreign proceedings were opened.
- (d) The debtor has neither its COMI nor an establishment in the jurisdiction of the enacting State.

Question 1.4

“Cross-border insolvencies are inherently chaotic and value evaporates quickly with the passage of time”. Which of the following rules or concepts set forth in the Model Law **best addresses** this feature of cross-border insolvencies?

- (a) The *locus standi* access rules.
- (b) The public policy exception.
- (c) The safe conduct rule.
- (d) The “hotchpot” rule.

Question 1.5

For a debtor with its COMI in South Africa and an establishment in Brazil, foreign main proceedings are opened in South Africa and foreign non-main proceedings are opened in Brazil. Both the South African foreign representative and the Brazilian foreign representative have applied for recognition before the relevant court in the UK. Please note that South Africa has implemented the Model Law subject to the so-called principle of reciprocity (based on country designation), Brazil has not implemented the Model Law and the UK has implemented the Model Law without any so-called principle of reciprocity. In this scenario, **which of the following statements is the most correct one**?

- (a) The foreign main proceedings in South Africa will not be recognised in the UK because the UK is not a designated country under South Africa’s principle of reciprocity, but the foreign non-main proceedings in Brazil will be recognised in the UK despite Brazil not having implemented the Model Law.
- (b) Both the foreign main proceedings in South Africa and the foreign non-main proceedings in Brazil will not be recognised in the UK because the UK has no principle of reciprocity and Brazil has not implemented the Model Law.

(c) Both the foreign main proceedings in South Africa and the foreign non-main proceedings in Brazil will be recognised in the UK.

(d) None of the statements in (a), (b) or (c) are correct.

Question 1.6

Which of the following statements regarding concurrent proceedings under the Model Law **is true**?

(a) No interim relief based on Article 19 of the Model Law is available if concurrent domestic insolvency proceedings and foreign proceedings exist at the time of the application of the foreign proceedings in the enacting State.

(b) In the case of a foreign main proceeding, automatic relief under Article 20 of the Model Law applies if concurrent domestic insolvency proceedings and foreign proceedings exist at the time of the application of the foreign proceedings in the enacting State.

(c) The commencement of domestic insolvency proceedings prevents or terminates the recognition of a foreign proceeding.

(d) If only after recognition of the foreign proceedings concurrent domestic insolvency proceedings are opened, then any post-recognition relief granted based on Article 21 of the Model Law will not be either adjusted or terminated if consistent with the domestic insolvency proceedings.

Question 1.7

When using its discretionary power to grant post-recognition relief pursuant to Article 21 of the Model Law, what should the court in the enacting State primarily consider?

(a) The court must be satisfied that the interests of the creditors and other interested parties, excluding the debtor, are adequately protected.

(b) The court should consider whether the relief requested is necessary for the protection of the assets of the debtor or the interests of the creditors and strike an appropriate balance between the relief that may be granted and the persons that may be affected.

(c) The court should consider both (a) and (b).

(d) Neither (a) nor (b) must be considered by the court.

Question 1.8

Which of the statements below regarding the Centre of Main Interest (or COMI) and the Model Law **is incorrect**?

(a) COMI is a defined term in the Model Law.

(b) For a corporate debtor, the Model Law does contain a rebuttable presumption that the debtor's registered office is its COMI.

(c) While (for purposes of the Model Law) the COMI of a debtor can move, the closer such COMI shift is to the commencement of foreign proceedings, the harder it will be to establish that the move was "ascertainable by third parties".

(d) None of the above.

Question 1.9

Which of the following types of relief have, prior to the adoption of the Model Law on Recognition and Enforcement of Insolvency-Related Judgments, been declared beyond the limits of the Model Law?

(a) Enforcement of insolvency-related judgments.

(b) An indefinite moratorium continuation.

(c) Both (a) and (b).

(d) Neither (a) nor (b).

Question 1.10

When for the interpretation of the Model Law “its original origin” is to be considered in accordance with article 8 of the Model Law, which of the following texts is likely to be of relevance?

(a) The UNCITRAL Guide of Enactment and the Practice Guide.

(b) The UNCITRAL Guide of Enactment and the Legislative Guide – Parts One, Two, Three and Four.

(c) The UNCITRAL Guide of Enactment and the Judicial Perspective.

(d) All of the above.

QUESTION 2 (direct questions) [10 marks in total] 7 marks

Question 2.1 [maximum 3 marks] 3 marks

Under the MLCBI, explain what the appropriate date is for determining the COMI of a debtor, or whether an establishment exists.

[Generally, the appropriate date for determining the COMI of a debtor or whether an establishment exists is the date of commencement of the foreign proceedings. In the United States, however, it has been held in *Morning Mist Holdings Ltd v Krys (Matter of Fairfield Sentry Ltd)*, that the appropriate date is determined on the basis of the activities at or around the Chapter 15 petition is filed. This approach has been adopted to prevent a debtor from manipulating its COMI in bad faith.]

Question 2.2 [maximum 3 marks]

The following **three (3) statements** relate to particular provisions / concepts to be found in the Model Law. Indicate the name of the provision / concept (as well as the relevant Model Law article), addressed in each statement.

Statement 1 “This Article provides guidance in case of concurrence of two foreign non-main proceedings.”

Statement 2 “The rule in this Article does not affect secured claims.”

Statement 3 “This Article contains a rebuttable presumption in respect of an undefined key concept in the MLCBI.”

[Statement 1- Article 30(c) of Model Law dealing on Coordination of more than one foreign Proceeding addresses this statement.

Statement 2-Article 32 of the Model Law which provides for the hotchpot rule is relevant for this statement.

Statement 3- Article 31 of the Model Law contains the rebuttable presumption that the recognition of foreign main proceedings is proof that the debtor is insolvent.] **the correct answer is art. 16(3)**

Question 2.3 [2 marks] 1 mark

In the *IBA* case appeal, the English Court of Appeal upheld the decision that the court should not exercise its power to grant the indefinite Moratorium Continuation. **Please explain.**

[In this case, the Court upheld the decision of the lower court that it could not grant the indefinite Moratorium Continuation as such would violate the Gibbs Rule. The Gibbs Rule suggests that where the debts are governed by English law and the creditor have not accepted that the law of the foreign proceedings should regulate their affairs, English law cannot be compromised by such foreign proceedings. Additionally, for this moratorium to be passed, it must pass two tests:

- i. be necessary to protect the interest of the creditors
- ii. be the ideal way to protect the interest of the creditors]

Having failed to meet the above conditions, the English Court of Appeal did not grant the indefinite Moratorium Continuation.

It should also be mentioned that Based on Article 18 of the MLCBI, the English Court of Appeal in the IBA case appeal held that had the MLCBI ever contemplated the continuance of relief after the end of the relevant foreign proceeding, it would have addressed the question explicitly and provided appropriate machinery for that purpose.

Question 2.4 [2 marks]

In terms of relief, what should the court in an enacting State, where a domestic proceeding has already been opened in respect of the debtor, do after recognition of a foreign main proceeding? In your answer you should **mention the most relevant article of the MLCBI**. What (ongoing) duty of information does the foreign representative in the foreign main proceeding have towards the court in the enacting State? Here too you are required to **mention the most relevant article of the MLCBI**.

[The court in an enacting State, where a domestic proceeding has opened and a foreign main proceeding has been recognised, is expected to grant an automatic mandatory stay in accordance with Article 20 of the Model Law. This automatic mandatory relief has three effects of placing a moratorium on the commencement of individual action or proceedings; stay on

the execution against the debtor's assets; and suspension of the right of transfer.

The correct answer here is 29(a)

With the recognition of the foreign proceeding the foreign representative by virtue of Article 18 of the Model Law is to keep the court of the enacting State informed of any significant changes in both the foreign main proceeding and the appointment of the foreign representative, as well as details of any foreign proceedings involving the debtor at any point in time known to the representative.]

QUESTION 3 (essay-type questions) [15 marks in total]

A foreign representative of a foreign proceeding opened in State B in respect of a corporate debtor (the Debtor) is considering whether or not to make a recognition application under the implemented Model Law of State A (which does not contain any reciprocity provision). In addition, the foreign representative is also considering what (if any) relief may be appropriate to request from the court in State A.

Write a brief essay in which you address the three questions below.

Question 3.1 [maximum 4 marks] 2 marks

Prior to making a recognition application in State A, explain how access and co-ordination rights in State A can benefit the foreign representative?

[Generally, for foreign representatives to have a locus standi to represent parties in court of another jurisdiction, licensing requirements or requalification may be necessary. With the access rights provided for under Article 9 of the Model Law, a foreign representative would be able to appear before the courts in State A, without undergoing the licencing journey. Besides from providing time saving benefits to the foreign representative, it also helps to preserve the value of the assets and prevents a grab-race.

In addition, the representative would have be able to take advantage of a "breathing space", since automatic mandatory stay on proceedings by State A where the foreign proceedings is commenced at the COMI.

]

For full marks the answer should include:

- **Opening domestic insolvency proceedings (Article 11 MLCBI):** The foreign representative is further specifically entitled to apply for the opening of domestic insolvency proceedings in State A, as reflected in Article 11 of the MLCBI. Whether or not the foreign representative would wish to do this will depend on what the requirements are for opening such domestic proceedings. Can these requirements be met? On the other hand, it will depend on what the foreign representative believes he/she can get in terms of (interim) relief for the foreign proceedings in State B. In other words, are domestic insolvency proceedings really needed, or just additional time and costs that should be avoided?
- **Cooperation:** Similar to access rights, the cooperation provisions in the MLCBI (articles 25-27) also operate independently of recognition and it is not a prerequisite to the use of the cooperation provisions that recognition of the foreign proceedings is obtained in advance. Courts in State A can freely cooperate with the foreign representative without having to worry whether the status in State B of the foreign representative can be recognised in State A.

Question 3.2 [maximum 5 marks] 0 marks

For a recognition application in State A to be successful, the foreign proceeding opened in State B must qualify as a “foreign proceeding” within the meaning of article 2(a) of the MLCBI and the “foreign representative” must qualify as a foreign representative within the meaning of article 2(d) of the MLCBI. Assuming both qualify as such, list and briefly explain (with reference to the relevant MLCBI articles) any other evidence, restrictions, exclusions and limitations that must be considered, as well as the judicial scrutiny that must be overcome for a recognition application to be successful.

[Type your answer here]

Question 3.3 [maximum 5 marks] 3 marks

As far as relief is concerned, briefly explain (with reference to the relevant MLCBI articles) what pre- and post-recognition relief can be considered in the context of the MLCBI, as well as any restrictions, limitations or conditions that should be considered in this context. For purposes of this question, it can be assumed that there is no concurrence of proceedings.

[The foreign representative may make applications for pre- and post-recognition reliefs from the court in State A, since the state has adopted the Model Law. In determining whether to grant or deny the application for both reliefs, as stipulated under Article 22 of the Model Law, the courts in State A would consider whether the interest of the debtor, creditors and other interested stakeholders would be adequately protected.

Where the above condition is satisfied, and the relief is aimed at urgently protecting the assets of the debtor or the interests of the creditors, pre-recognition reliefs stipulated under Article 19 are likely to be granted. The reliefs that can be granted include a stay of execution against the debtor's assets; and entrusting the management of the entire or part of the debtor's assets situated in this State to the foreign representative, or another person designated by the court.

With regards to post recognition reliefs, Article 21 of the Model Law provides various reliefs available including stay of proceedings; and suspension of the right to encumber or otherwise dispose of assets and provision for the examination of witnesses.]

For full mark on this question, the answer should include the following:

1. **Existing international obligations of State A:** Based on Article 3 of the Model Law, the court in State A should again verify that there are no existing international obligations of State A (under a treaty or otherwise) that may conflict with granting the requested relief under the implemented Model Law in State A.
2. **Public policy exception:** The court in State A should, based on Article 6 of the Model Law, also again verify that the relief application is not manifestly contrary to public policy of State A.

Question 3.4 [maximum 1 mark] ½ mark

Briefly explain why a worldwide freezing order granted as pre-recognition interim relief ex article 19 MLCBI, is unlikely to continue post-recognition ex article 21 MLCBI?

[Interim reliefs are meant to be place until the court or tribunal hears and decides on the issues between the parties. Therefore, granting a worldwide freezing order to extend post-recognition would make judgment of the courts non-effective. More so that the judgment of the court in insolvency proceedings would be for sale and distribution of assets to creditors according to the statutory ranking and any surplus to the debtor]

Here it should be mentioned that art. 21 provides for other forms for protection leaving the freezing order un-warranted.

QUESTION 4 (fact-based application-type question) [15 marks in total] 5,5 marks

Read the following facts very carefully before answering the questions that follow.

(1) Background

The Commercial Bank for Business Corporation (the Bank) has operated since 1991. The Bank's registered office is situated in Country A, which **has not** adopted the MLCBI. As of 13 August 2015, the Bank's majority ultimate beneficial owner was Mr Z, who held approximately 95% of the Bank's shares through various corporate entities (including some registered in England).

The Bank entered provisional administration on 17 September 2015 and liquidation on 17 December 2015. Investigations into the Bank have revealed that it appears to have been potentially involved in a multi-million dollar fraud resulting in monies being sent to many overseas companies, including entities incorporated and registered in England.

Proceedings were issued in the High Court of England and Wales (Chancery Division) against various defendants on 11 February 2021 (the English Proceedings).

An affidavit (the Affidavit) sets out a detailed summary of the legislation of Country A's specific insolvency procedure for Banks. The procedure involves initial input from the National Bank (the NB) and at the time that the Bank entered liquidation, followed a number of stages:

Classification of the bank as troubled

The NB may classify a bank as "troubled" if it meets at least one of the criteria set down by article 75 of the Law of Country A on Banks and Banking Activity (LBBA) or for any of the reasons specified in its regulations.

Once declared "troubled", the relevant bank has 180 days within which to bring its activities in line with the NB's requirements. At the end of that period, the NB must either recognise the Bank as compliant, or must classify it as insolvent.

Classification of the bank as insolvent

The NB is obliged to classify a bank as insolvent if it meets the criteria set out in article 76 of the LBBA, which includes:

- (i) the bank's regulatory capital amount or standard capital ratios have reduced to one third of the minimum level specified by law;
- (ii) within five consecutive working days, the bank has failed to meet 2% or more of its obligations to depositors or creditors; and
- (iii) the bank, having been declared as troubled, then fails to comply with an order or decision of the NB and / or a request by the NB to remedy violations of the banking law.

The NB has the ability to classify a bank as insolvent without necessarily needing to first go through the troubled stage. Article 77 of the LBBA accordingly provides that a bank can be liquidated by the NB directly, revoking its licence.

Provisional administration

The Deposit Guarantee Fund (DGF) is a governmental body of Country A tasked principally with providing deposit insurance to bank depositors in Country A. However, the Affidavit explained that the DGF is also responsible for the process of withdrawing insolvent banks from the market and winding down their operations via liquidation. Its powers include those related to early detection and intervention, and the power to act in a bank's interim or provisional administration and its ultimate liquidation.

Pursuant to article 34 of the DGF Law, once a bank has been classified as insolvent, the DGF will begin the process of removing it from the market. This is often achieved with an initial period of provisional administration. During this period:

- (i) the DGF (acting via an authorised officer) begins the process of directly administering the bank's affairs. Articles 35(5) and 36(1) of the DGF Law provide that during provisional administration, the DGF shall have full and exclusive rights to manage the bank and all powers of the bank's management.
- (ii) Article 36(5) establishes a moratorium which prevents, *inter alia*: the claims of depositors or creditors being satisfied; execution or enforcement against the bank's assets; encumbrances and restrictions being created over the bank's property; and interest being charged.

Liquidation

Liquidation follows provisional administration. The DGF is obliged to commence liquidation proceedings against a bank on or before the next working day after the NB's decision to revoke the bank's licence.

Article 77 of the LBBA provides that the DGF automatically becomes liquidator of a bank on the date it receives confirmation of the NB's decision to revoke the bank's licence. At that point, the DGF acquires the full powers of a liquidator under the law of Country A.

When the bank enters liquidation, all powers of the bank's management and control bodies are terminated (as are the provisional administrators' powers if the bank is first in provisional administration); all banking activities are terminated; all money liabilities due to the bank are deemed to become due; and, among other things, the DGF alienates the bank's property and funds. Public encumbrances and restrictions on disposal of bank property are terminated and offsetting of counter-claims is prohibited.

As liquidator, the DGF has extensive powers, including the power to investigate the bank's history and bring claims against parties believed to have caused its downfall. Those powers include:

- (i) the power to exercise management powers and take over management of the property (including the money) of the bank;
- (ii) the power to compile a register of creditor claims and to seek to satisfy those claims;
- (iii) the power to take steps to find, identify and recover property belonging to the bank;
- (iv) the power to dismiss employees and withdraw from/terminate contracts;
- (v) the power to dispose of the bank's assets; and
- (vi) the power to exercise "such other powers as are necessary to complete the liquidation of a bank".

The DGF also has powers of sale, distribution and the power to bring claims for compensation against persons for harm inflicted on the insolvent bank.

However, article 48(3) of the DGF Law empowers the DGF to delegate its powers to an "authorised officer" or "authorised person". The "Fund's authorised person" is defined by article 2(1)(17) of the DGF Law as: *"an employee of the Fund, who on behalf of the Fund and within the powers provided for by this Law and / or delegated by the Fund, performs actions to ensure the bank's withdrawal from the market during provisional administration of the insolvent bank and/or bank liquidation"*.

Article 35(1) of the DGF Law specifies that an authorised person, must have: *"...high professional and moral qualities, impeccable business reputation, complete higher education in the field of economics, finance or law...and professional experience necessary."* An authorised person may not be a creditor of the relevant bank, have a criminal record, have any obligations to the relevant bank, or have any conflict of interest with the bank. Once appointed, the authorised officer is accountable to the DGF for their actions and may exercise the powers delegated to them by the DGF in pursuance of the bank's liquidation.

The DGF's independence is addressed at articles 3(3) and 3(7) of the DGF Law which confirm that it is an economically independent institution with separate balance sheet and accounts from the NB and that neither public authorities nor the NB have any right to interfere in the exercise of its functions and powers.

Article 37 establishes that the DGF (or its authorised person, insofar as such powers are delegated) has extensive powers, including powers to exercise managerial and supervisory powers, to enter into contracts, to restrict or terminate the bank's transactions, and to file property and non-property claims with a court.

(2) The Bank's liquidation

The Bank was formally classified by the NB as "troubled" on 19 January 2015. The translated NB resolution records:

“The statistical reports-based analysis of the Bank’s compliance with the banking law requirements has found that the Bank has been engaged in risky operations.”

Those operations included:

- (i) a breach, for eight consecutive reporting periods, of the NB’s minimum capital requirements;
- (ii) 10 months of loss-making activities;
- (iii) a reduction in its holding of highly liquid assets;
- (iv) a critically low balance of funds held with the NB; and
- (v) 48% of the Bank’s liabilities being dependent on individuals and a significant increase in “adversely classified assets” which are understood to be loans, whose full repayment has become questionable.

Despite initially appearing to improve, by September 2015 the Bank’s financial position had deteriorated further with increased losses, a further reduction in regulatory capital and numerous complaints to the NB. On 17 September 2015, the NB classified the Bank as insolvent pursuant to article 76 of the LBBA. On the same day, the DGF passed a resolution commencing the process of withdrawing the Bank from the market and appointing Ms C as interim administrator.

Three months later, on 17 December 2015, the NB formally revoked the Bank’s banking licence and resolved that it be liquidated. The following day, the DGF initiated the liquidation procedure and appointed Ms C as the first of the DGF’s authorised persons to whom powers of the liquidator were delegated. Ms C was replaced as authorised officer with effect from 17 August 2020 by Ms G.

Ms G’s appointment was pursuant to a Decision of the Executive Board of the Directors of the DGF, No 1513 (Resolution 1513). Resolution 1513 notes that Ms G is a “leading bank liquidation professional”. It delegates to her all liquidation powers in respect of the Bank set out in the DGF Law and in particular articles 37, 38, 47-52, 521 and 53 of the DGF Law, including the authority to sign all agreements related to the sale of the bank’s assets in the manner prescribed by the DGF Law. Resolution 1513 expressly excludes from Ms G’s authority the power to claim damages from a related party of the Bank, the power to make a claim against a non-banking financial institution that raised money as loans or deposits from individuals, and the power to arrange for the sale of the Bank’s assets. Each of the excluded powers remains vested in the DGF as the Bank’s formally appointed liquidator.

On 14 December 2020, the Bank’s liquidation was extended to an indefinite date, described as arising when circumstances rendered the sale of the Bank’s assets and satisfaction of creditor’s claims, no longer possible.

On 7 September 2020, the DGF resolved to approve an amended list of creditors’ claims totalling approximately USD 1.113 billion. The Affidavit states that the Bank’s current, estimated deficiency exceeds USD 823 million.

QUESTION 4.1 [maximum 15 marks]

Prior to any determination made in the English Proceedings, Ms G, in her capacity as authorised officer of the Deposit Guarantee Fund (or DGF) of Country A in respect of the

liquidation of the Commercial Bank for Business Corporation (the Bank), together with the DGF (the Applicants), applied for recognition of the liquidation of the Bank before the English court based on the Cross-Border Insolvency Regulations 2006 (CBIR), the English adopted version of the MLCBI.

Assuming you are the judge in the English court considering this recognition application, you are required to discuss:

4.1.1 whether the Bank's liquidation comprises a "foreign proceeding" within the meaning of article 2(a) of the MLCBI [**maximum 10 marks**]; **4 mark** and

4.1.2 whether the Applicants fall within the description of "foreign representatives" as defined by article 2(d) of the MLCBI [**maximum 5 marks**]. **1,5 mark**

While not all facts provided in the fact pattern for this question (Question 4) are immediately relevant for your answer, please do use, where appropriate, those relevant facts that directly support your answer.

For the purpose of this question, you may further assume that the Bank is **not excluded** from the scope of the MLCBI by article 1(2) of the MLCBI.

[4.1.1

Article 2 of the Model Law provides for foreign proceedings. For proceedings under the Model Law to be classified as foreign the proceedings must be:

- Final or interim proceedings
- Either judicial or administrative
- Collective in nature
- Be in a Foreign State
- Authorised or conducted under a law relating to insolvency
- Relate to assets and affairs of debtor subject to the control or supervision of a foreign court; and
- For the purpose of reorganisation or liquidation

In the above scenario, National Bank acted in an administrative capacity in deciding on the insolvency of the Bank. Although the proceedings were not formal but it acted as a quasi-tribunal by exercising its powers under Section 76 of the Law of Country A on Banks and Banking Activity. While DCF acted in its capacity as a statutory liquidator for banks.

Furthermore, in the above scenario, the "proceedings" were conducted in a different state Country A. It would satisfy the requirement of being in a foreign state.

The next element is *authorised or conducted under a law relating to insolvency*. The Model law is soft law not bugged with formalities of having an "insolvency law" label. It suffices for such law to address or deal with financial distress or insolvency. In the above scenario both the Law of Country A on Banks and Banking Activity (LBBA) and Deposit Guarantee Fund Law provide a regulatory framework for managing insolvency in Country A.

The goal of the foreign proceeding is for either reorganisation or liquidation. In the above scenario, National Bank had the power to classify a bank as insolvent without necessarily going through administration process. The Bank was declared insolvent

when it met the insolvency requirements under Section 77 of the LBBA. Thereafter, DCF stepped into its statutory to act as liquidator, and had a wide range of liquidation related powers under its DCF Act. It would therefore mean, that the proceeding was for the purpose of liquidation.

Banks play an integral role in the economy of the country and their insolvency proceedings may be special. With this mind, it the Bank's liquidation appears to be a foreign proceeding.

This answer should have included a much more detailed explanation along the following lines:
Recognition of the Bank's liquidation under the CBIR

1. In order to be recognised, the Bank's liquidation must meet the definition of "*foreign proceeding*" set out in article 2(a) of the MCBI.
2. Here reference can also be made to paragraphs 6.4.1 and 6.4.2 of the Guidance Text and in particular the *Agrokor* case discussed there.

"Collective proceeding"

3. UNCITRAL's guide for judiciary, "The Model Law on Insolvency: The Judicial Perspective" (2013) explains the requirement for proceedings to be "*collective*":

"The UNCITRAL Model Law was intended to apply only to particular types of insolvency proceedings. The Guide to Enactment and Interpretation indicates that the notion of a "*collective*" insolvency proceeding is based on the desirability of achieving a coordinated, global solution for all stakeholders of an insolvency proceeding. It is not intended that the Model Law be used merely as a collection device for a particular creditor or group of creditors who might have initiated a collection proceeding in another State, or as a tool for gathering up assets in a winding up or conservation proceeding that does not also include provision for addressing the claims of creditors. The Model Law may be an appropriate tool for certain kinds of actions that serve a regulatory purpose, such as receiverships for such publicly regulated entities as insurance companies or brokerage firms, provided the proceeding is collective as that term is used in the Model Law."

4. The Guide to Enactment and Interpretation of the UNCITRAL Model Law (2014) explains that when:

"evaluating whether a given proceeding is *collective* for the purpose of the Model Law, a key consideration is whether substantially all of the assets and liabilities of the debtor are dealt with in the proceeding, subject to local priorities and statutory exceptions, and to local exclusions relating to the rights of secured creditors. A proceeding should not be considered to fail the test of collectivity purely because a class of creditors' rights is unaffected by it."

5. Based on the facts provided the understanding is that *all* of the Bank's creditors are entitled to claim in the liquidation and that their claims are met from available assets, according to the statutory order of priorities. Consequently, the conclusion can be reached that the Bank's liquidation is a "*collective proceeding*".

"Judicial or administrative" and "subject to the control or supervision by a foreign court"

6. The collective proceeding, must be “*judicial or administrative*” where “*the assets and affairs of the debtor are subject to control or supervision by a foreign court*”.
7. The term “*foreign court*” is defined at article 2(e) of the MLCBI and means: “*a judicial or other authority competent to control or supervise a foreign proceeding*”.
8. The Guide to Enactment notes: “87) *A foreign proceeding that meets the requisites of article 2, subparagraph (a), should receive the same treatment irrespective of whether it has been commenced and supervised by a judicial body or an administrative body. Therefore, in order to obviate the need to refer to a foreign non-judicial authority whenever reference is made to a foreign court, the definition of “foreign court” in subparagraph (e) includes also non-judicial authorities.*”
9. In ***Re Sanko Steamship Co Ltd*** [2015] EWHC 1031 (Ch) Simon Barker QC, noted that a foreign proceeding may be recognised where the control or supervision of the proceeding is undertaken by a non-judicial administrative body.
10. The Guide to Enactment states: “74) *The Model Law specifies neither the level of control or supervision required to satisfy this aspect of the definition nor the time at which that control or supervision should arise. Although it is intended that the control or supervision required under subparagraph (a) should be formal in nature, it may be potential rather than actual. As noted in paragraph 71, a proceeding in which the debtor retains some measure of control over its assets, albeit under court supervision, such as a debtor-in-possession would satisfy this requirement. Control or supervision may be exercised not only directly by the court but also by an insolvency representative where, for example, the insolvency representative is subject to control or supervision by the court. Mere supervision of an insolvency representative by a licensing authority would not be sufficient.*”
11. In this case the DGF has control of all of the Bank’s assets and overall control of the liquidation.
12. The DGF’s independence is addressed at articles 3(3) and 3(7) of the DGF Law which confirm that it is an economically independent institution with separate balance sheet and accounts from the NB and that neither public authorities nor the NB have any right to interfere in the exercise of its functions and powers.
13. Article 37 establishes that the DGF (or its authorised person, insofar as such powers are delegated) has extensive powers, including powers to exercise managerial and supervisory powers, to enter into contracts, to restrict or terminate the bank’s transactions, and to file property and non-property claims with a court.
14. Taking these factors into account, the Bank’s liquidation is *administrative*. The assets and affairs of the Bank are subject to the control of the DGF, an official body which exercises its powers in the liquidation free from intervention by government or the NB and which should be considered, for the purposes of the definition set out in article 2(e) of the MLCBI, as a “*foreign court*”.

“Pursuant to a law relating to insolvency”

15. The Guide to Enactment provides at paragraph 48:

“Acknowledging that different jurisdictions might have different notions of what falls within the term “insolvency proceedings”, the Model Law does not define the term “insolvency”. However, as used in the Model Law, the word “insolvency” refers to various types of collective proceedings commenced with respect to debtors that are in severe financial distress or insolvent.”

- Further explanation is provided at paragraph 73:

“This formulation is used in the Model Law to acknowledge the fact that liquidation and reorganization might be conducted under law that is not labelled as insolvency

law (e.g. company law), but which nevertheless deals with or addresses insolvency or severe financial distress. The purpose was to find a description that was sufficiently broad to encompass a range of insolvency rules irrespective of the type of statute or law in which they might be contained and irrespective of whether the law that contained the rules related exclusively to insolvency.”

16. Article 76 of the LBBA clearly set out Country A’s specific insolvency procedures for insolvent banks. The Bank’s liquidation was commenced pursuant to those provisions and in my judgment should be considered by this Court as being “*pursuant to a law relating to insolvency*”.

“In which proceeding the assets and affairs of the debtor are subject to control or supervision by a foreign court, for the purpose of reorganisation or liquidation”

17. Having determined that the DGF falls within the definition of “*foreign court*”, I am satisfied, that by virtue of the legislative provisions set out above, it has control of all of the Bank’s assets and affairs for the purposes of administering the Bank’s liquidation.

4.1.2

Foreign representative under the Model Law suggests that the person is duly appointed, authorised to act in regard to the proceedings and administer the affairs of the debtor in reorganisation or liquidation. In the above scenario Mrs G was appointed by the DCF and given powers necessary to manage the affairs of the Bank in the liquidation. Mrs G may therefore be considered a foreign representative.

This is also inadequate. There is no explanation of the requirements, i.e. what is meant by “authorised, appointed and administer” and hardly any application of facts.
