QUESTION 2 (direct questions) [10 marks]

Question 2.1 [maximum 2 marks]

Explain what the term "international insolvency law" means.

Due to globalization an issue arose with the handling financially distressed debtors with assets or creditors in more than one country with the lack of a globally accepted insolvency rules, court and law system. International insolvency law represents the set of guidelines, not enforceable law, that attempts to bridge the gap in cross-border context.

2

Question 2.2 [maximum 5 marks]

Differentiate between the concepts of universality and territoriality in cross-border insolvency.

Universality and territoriality represent two contrasting approaches to solving the issues of cross-border insolvency. Universality's belief is simply stated as there should be one insolvency proceeding which covers all of the debtors' assets and debts worldwide. Universality's belief of one jurisdiction with sole powers that cancels other proceedings and welcomes all debtors worldwide in an agreed location goes directly against territoriality's belief that proceedings may be commenced in every jurisdiction where the debtor holds assets. Simply put the two approaches conflicts on a theory of globalisation or domestic as they disagree on the points of single or multiple proceedings and rights of claim of assets in the global or domestic market.

There is scope to elaborate with respect to recognition and effect

Question 3.1 [maximum 5 marks]

Write a brief note on the differences regarding the objectives of insolvency for individuals and corporations.

While both individual and corporate insolvency aim to ensure equitable treatment of creditors, an investigation of reasons of failure, and the reclamation of voidable dispositions they both have major differences. The first difference between the insolvency types mentioned are their objectives. Individual insolvency major objective is to protect the debtor. The main aim of this type of insolvency is to enable the debtor to make a fresh start carefully taking consideration into their personal circumstances and the events leading to insolvency. However, in corporate insolvency the main objective is to preserve the viable parts of the business and impose personal liability on responsible individuals.

Additionally, a major difference between both methods relate to the fact that only in individual/personal insolvency there is a notion of exemption or exclusion of assets. In corporate insolvency all assets of the corporation form the estate.

QUESTION 4 (fact-based application-type question) [15 marks in total]

Nadir Pty Ltd (Nadir) is a company registered in Utopia. Originally it was incorporated in the neighbouring country of Erewhon before moving its registration and head office to Utopia one month ago. Apex Pty Ltd (Apex) is incorporated and has its head office in Erewhon. Apex and Nadir enter into a contract by exchange of emails between their head offices for Apex to supply goods to Nadir in Utopia. Nadir has failed to pay for the goods which have been delivered in accordance with the contract. Apex issues court proceedings against Nadir in Utopia for monies owing for the goods sold and delivered.

Meanwhile, Nadir also owes monies to creditors in Erewhon. One Erewhon creditor obtains a court winding-up order against Nadir in Erewhon and a liquidator is also appointed by that court.

If you require additional information to answer the questions that follow, briefly state what information it is you require and why it is relevant.

Question 4.1 [maximum 5 marks]

Assume the UNCITRAL Model Law on Cross-border Insolvency has been adopted by Utopia without modification, except as required to domesticate it. For example, the Cross-border Insolvency Act of Utopia names its local laws relating to insolvency and its competent court under the Act. The Erewhon liquidator's investigations detect that Apex is suing Nadir in Utopia. The liquidator would like to stop Apex court action against Nadir in Utopia. Advise the Erewhon liquidator on the potential relevance of the Cross-border Insolvency Act of Utopia.

The Model Law on Cross-Border Insolvency applies in this case as it applies in situations like the above as it speaks to the recognition and enforcement of foreign judgements against third parties.

The question requires candidates to apply the relevant MLCBI articles to the facts provided in more detail than that above.

2

Question 4.2 [maximum 2 marks]

Would it make any difference to your answer in question 4.1 in the following two alternative scenarios to Apex suing for its debt?

- (a) Apex had filed proceedings to wind-up Nadir, but the matter had not yet been heard.

(b) Apex had obtained a court order to wind-up Nadir in Utopia prior to the Erewhon winding-up order.

It would not matter if Apex had filed proceedings to wind-up Nadir, however, it would matter if apex had obtained a court order to wind-up Nadir.

Apply the MLCBI provisions on concurrent insolvency proceedings (see Article 29) **0.5**

Question 4.3 [maximum 8 marks]
