Dear Ashwin

Case Study II Results

Case study II results have been finalised and approved by the core committee. Your mark for Case study II was **6.0** which is graded as **Competent**.

Below is an evaluation of your paper by the examiner.

The style is very informal and does not follow a professional structure. The solution chosen and arguments are perhaps excessively simplistic. Many assumptions linked to Ch11 are included, some of which would merit further justification. The text includes arguably a few errors and leaves too many questions and elements of the case out of the analysis. Apart from that, the student shows a sufficiently thoughtful structure of argument and presentation.

We are pleased to inform you that you passed Case study II as the required pass mark was 5.00. Congratulations!

Kind regards
