Dear Chun Yin

### **Case Study II Results**

Case study II results have been finalised and approved by the core committee. Your mark for Case study II was **8.5** which is graded as **Very Competent**.

Below is an evaluation of your paper by the examiner.

**Very clear cut, well formulated advice from the outset. Quite dense (formatting!) but written clearly enough not to make that an issue.**

**Good, in-depth consideration and research of frameworks/tools - slightly overly detailed - but lacking some options or the clear understanding thereof (e.g. UK scheme, restructuring plan?). Detailed consideration of recognition (im)possibilities, including Gibbs. Very well researched and substantiated with quotes.**

**No overly clear view on how the use of the restructuring tools will bring about the stated objectives of getting the KuasaNas Deal through/getting the team to Malaysia and the insolvency issues sorted (concrete restructuring plan) - lacking application to the facts.**

**Some good considerations as to the (real life/economic/recovery) position of the stakeholders given the capital structure.**

**Good considerations on Brexit.**

We are pleased to inform you that you passed Case study II as the required pass mark was 5.00. Congratulations!

Kind regards
