Dear Surbhi

Case Study II Results

Case study II results have been finalised and approved by the core committee. Your mark for Case study II was **7.25** which is graded as **Competent**.

Below is an evaluation of your paper by the examiner.

Nice, professional form. Good analysis of the facts, including missing key points → assumptions. On point analysis of available tools with application to the facts.

Recognition analysis re ch. 11 (COMI) not entirely on point. Catches on to Gibbs but remains at the service. Not a showstopper for the primary plan presented...? How to solve? Further, re scheme recognition: never possible under EIR. Hence also not entirely correct on Brexit implications. Here again, justified to look to COMI, but analysis falls short.

Drivers' cooperation is assumed. This side steps the need for dealing with those e.g. with RO proceedings.

Overall, many valid points are made and considered. Well researched and substantiated with quotes. Does miss full grasp of some issues.

We are pleased to inform you that you passed Case study II as the required pass mark was 5.00. Congratulations!

Kind regards
