**QUESTION 4 (fact-based application-type question) [15 marks in total]**

Nadir Pty Ltd (Nadir) is a company registered in Utopia. Originally it was incorporated in the neighbouring country of Erewhon before moving its registration and head office to Utopia one month

ago. Apex Pty Ltd (Apex) is incorporated and has its head office in Erewhon. Apex and Nadir enter into a contract by exchange of emails between their head offices for Apex to supply goods to Nadir in Utopia. Nadir has failed to pay for the goods which have been delivered in accordance with the contract. Apex issues court proceedings against Nadir in Utopia for monies owing for the goods sold and delivered.

Meanwhile, Nadir also owes monies to creditors in Erewhon. One Erewhon creditor obtains a court winding-up order against Nadir in Erewhon and a liquidator is also appointed by that court.

If you require additional information to answer the questions that follow, briefly state what information it is you require and why it is relevant.

**Question 4.1 [maximum 5 marks]**

Assume the UNCITRAL Model Law on Cross-border Insolvency has been adopted by Utopia without modification, except as required to domesticate it. For example, the Cross-border Insolvency Act of Utopia names its local laws relating to insolvency and its competent court under the Act. The Erewhon liquidator's investigations detect that Apex is suing Nadir in Utopia. The liquidator would like to stop Apex court action against Nadir in Utopia. Advise the Erewhon liquidator on the potential relevance of the Cross-border Insolvency Act of Utopia.

[The Erewhon liquidator can look for the Recognition of Foreign Insolvency Proceedings, demonstrating that Erewhon's insolvency proceedings qualify under the Model Law and have been recognized in Utopia; and this may lead to a stay of Apex's court action against Nadir.]

**A good understanding of the issues and the answer could be strengthened by more detail.**

3.5

**Question 4.2 [maximum 2 marks]**

Would it make any difference to your answer in question 4.1 in the following two alternative scenarios to Apex suing for its debt?

- (a) Apex had filed proceedings to wind-up Nadir, but the matter had not yet been heard.
- (b) Apex had obtained a court order to wind-up Nadir in Utopia prior to the Erewhon winding-up order.

[Perhaps I would wait for the commencement of Nadir's liquidation process]

**Refer to Article 29 on concurrent insolvency proceedings, under which the local proceedings in Utopia maintain pre-eminence over the foreign proceedings in Erewhon.**

**Question 4.3 [maximum 8 marks]**

**NB: This question is not related to Questions 4.1 and 4.2**

A court has ordered the commencement of an insolvency proceeding against a corporate debtor in the State of its incorporation and head office. The company has operated business in a number of States and has assets (real property or interest in land, other tangible assets and intangible assets); creditors (including taxation / revenue authorities) and directors in several States.

Select a country for the company's incorporation and, based on the insolvency laws of the country you select and the brief facts provided, describe four key international insolvency issues facing the insolvency representative in this scenario. For each issue, what domestic laws or international instruments apply to assist the insolvency representative address these four issues?

[I will select the United States. In this case, we know that the company operates in different states, and the main insolvency proceeding was ordered in the state of incorporation. The insolvency

representative needs to ensure that the proceedings are recognized and given effect in other states

where the company has assets, creditors, etc; and we can implement the Chapter 15 of the United States Bankruptcy Code to file for recognition of the foreign proceeding in each U.S. state where it's necessary.]

**For an approach more closely applied to the facts, see the 'Model' Answer for four key international insolvency issues raised by the facts and facing the insolvency representative in this scenario. Then apply the current USA laws on CBI to such issues.**
