

**SUMMATIVE (FORMAL) ASSESSMENT: MODULE 2A**

**THE UNCITRAL MODEL LAWS RELATING TO INSOLVENCY**

This is the **summative (formal) assessment** for **Module 2A** of this course and is compulsory for all candidates who selected this module as one of their compulsory modules from **Module 2**. Please read instruction 6.1 on the next page very carefully.

If you selected this module as **one of your elective modules**, please read instruction 6.2 on the next page very carefully.

**The mark awarded for this assessment will determine your final mark for Module 2A.** In order to pass this module, you need to obtain a mark of 50% or more for this assessment.

## INSTRUCTIONS FOR COMPLETION AND SUBMISSION OF ASSESSMENT

Please read the following instructions very carefully before submitting / uploading your assessment on the Foundation Certificate web pages.

1. You must use this document for the answering of the assessment for this module. The answers to each question must be completed using this document with the answers populated under each question.
2. All assessments must be submitted electronically in MS Word format, using a standard A4 size page and a 11-point Arial font. This document has been set up with these parameters - **please do not change the document settings in any way. DO NOT** submit your assessment in PDF format as it will be returned to you unmarked.
3. No limit has been set for the length of your answers to the questions. However, please be guided by the mark allocation for each question. More often than not, one fact / statement will earn one mark (unless it is obvious from the question that this is not the case).
4. You must save this document using the following format: **[student ID.assessment2A]**. An example would be something along the following lines: 202223-336.assessment2A. **Please also include the filename as a footer to each page of the assessment** (this has been pre-populated for you, merely replace the words “studentID” with the student number allocated to you). Do not include your name or any other identifying words in your file name. **Assessments that do not comply with this instruction will be returned to candidates unmarked.**
5. Before you will be allowed to upload / submit your assessment via the portal on the Foundation Certificate web pages, you will be required to confirm / certify that you are the person who completed the assessment and that the work submitted is your own, original work. Please see the part of the Course Handbook that deals with plagiarism and dishonesty in the submission of assessments. **Please note that copying and pasting from the Guidance Text into your answer is prohibited and constitutes plagiarism. You must write the answers to the questions in your own words.**
- 6.1 If you selected Module 2A as one of your **compulsory modules** (see the e-mail that was sent to you when your place on the course was confirmed), the final time and date for the submission of this assessment is **23:00 (11 pm) GMT on 1 March 2024**. The assessment submission portal will close at 23:00 (11 pm) GMT on 1 March 2024. No submissions can be made after the portal has closed and no further uploading of documents will be allowed, no matter the circumstances.
- 6.2 If you selected Module 2A as one of your **elective modules** (see the e-mail that was sent to you when your place on the course was confirmed), you have a **choice** as to when you may submit this assessment. You may either submit the assessment by **23:00 (11 pm) GMT on 1 March 2024** or by **23:00 (11 pm) BST (GMT +1) on 31 July 2024**. If you elect to submit by 1 March 2024, you **may not** submit the assessment again by 31 July 2024 (for example, in order to achieve a higher mark).

## ANSWER ALL THE QUESTIONS

Please note that all references to the “MLCBI” or “Model Law” in this assessment are references to the Model Law on Cross-Border Insolvency.

### QUESTION 1 (multiple-choice questions) [10 marks in total] 4 marks

Questions 1.1. - 1.10. are multiple-choice questions designed to assess your ability to think critically about the subject. Please read each question carefully before reading the answer options. Be aware that some questions may seem to have more than one right answer, but you are to look for the one that makes the most sense and is the most correct. When you have a clear idea of the question, find your answer and **mark your selection on the answer sheet by highlighting the relevant paragraph in yellow**. Select only **ONE** answer. Candidates who select more than one answer will receive no mark for that specific question.

(d) None of the above are correct.

#### QUESTION 2 (direct questions) [10 marks in total] 9 marks

##### Question 2.1 [maximum 3 marks] 2 marks

What is the key distinction between the application of the MLCBI and the European Union (EU) Regulation on insolvency proceedings? Also describe one key benefit and disadvantage of each approach.

European Union regulations are intent on unity and harmonising the insolvency laws amongst EU member states, whereas MLCBI is not a treaty and thus does not reciprocate amongst member states; a member state can agree to implement it either wholly or partially.

One benefit of the EU is it allows for uniformity and cooperation between member states; one disadvantage is due to the political negotiations, it can take a very long time for an agreed treaty to be adopted.

One benefit of MLCBI is it allows states to adopt elements of model law, which would benefit and assist in making national insolvency regimes more effective; one disadvantage is that the cooperation and communication are not uniform and thus leave it to individual member states

Note, the EIR (secondary law) is not an EU Treaty (primary law) it is a regulation. However EIR is substantive and effective across EU Member States (less Denmark) upon adoption. MLCBI is a recommendation (soft law).

##### Question 2.2 [maximum 2 marks] 2 marks

Explain what the court should primarily consider using its discretionary power to grant post-recognition relief under Article 21 of the MLCBI.

The primary considerations when using discretionary powers for post-recognition relief are included in paragraph 2 of Article 21. A foreign representative can request the enacting state to hand over part of the debtor's assets located in the state; the court

has to balance the needs of the local creditors to ensure they are sufficiently protected.

The court in an enacting state can grant relief to the foreign representative of a foreign non-main proceedings if it is satisfied the assets located in the enacting state should be dealt with by a court in the foreign non-main proceedings.

**Question 2.3 [2 marks] 2 marks**

Explain the protections granted to creditors in a foreign proceeding under Article 13 of the MLCBI.

Creditors, whether domestic or foreign, are afforded the same rights under Article 13. In particular, foreign creditors should not be treated less favourably than unsecured creditors. The exception to this rule is that it continues to not recognise foreign government claims, such as tax and social security claims.

**Question 2.4 [maximum 3 marks] 3 marks**

What is a key distinction with respect to the relief available in foreign main versus foreign non-main proceedings?

Relief in the foreign main are under Article 20 are automatic and includes the following:

- a. Stay of execution against the debtor's assets
- b. Suspension of the right to transfer, encumber or dispose of any assets the debtor has
- c. Stay on the commencement or continuation of the additional individual claims against the debtor's rights, assets, obligations or liabilities.

Relief in the foreign non-main are under Article 23, paragraph 2, are more restrictive than for main foreign proceedings.

Interim relief for the foreign main and foreign non-main proceeds are the same under Article 19.

**QUESTION 3 (essay-type questions) [15 marks in total] 6 marks**

**Question 3.1 [maximum 4 marks] 1 mark**

A debtor has its COMI in Germany and an establishment in Bermuda, and both foreign main and foreign non-main proceedings as well as the recognition proceedings in the US have been opened. In this scenario, explain where the foreign proceedings must have been filed, and the likely result.

The foreign proceedings must have been filed in Germany, where the debtor has its COMI which would be the main proceedings, the establishment in Bermuda would be the non-main foreign proceedings.

For full marks, it is required that you write an essay-type answer to substantiate your answer through eg references to definitional and procedural provisions of MLCBI eg. Art. 2, 15, 17, 6 and to define key matters and to support your arguments.

**Question 3.2 [maximum 3 marks] 2 marks**

Joint provisional liquidators commenced a recognition proceeding in the US and immediately were sued and served with discovery in connection with their alleged tortious interference with contract rights of the US-based vendors of the foreign debtor. Explain the likely outcome.

The joint provisional liquidators as foreign creditors enjoy the same standing as the local US-based vendors before the court. Therefore, by suing the Joint provisional liquidators, the US-based vendors are discriminating against them under Articles 10 and 14; the joint provisional liquidators should raise the breach with the US court as they will have standing before the same.

In addition, Art.10 MLCBI implies a certain “immunity”

**Question 3.3 [maximum 4 marks] 2 marks**

A foreign representative who administers assets in a debtor-in-possession-like restructuring proceeding in the UK commences a recognition proceeding in the US, setting the recognition hearing 35 days after the petition date due to the availability of the court. There is no litigation pending or threatened against the foreign debtor, but US-governed leases and intellectual property licenses have *ipso facto* clauses (that is, bankruptcy-triggered terminations) that are not enforceable under the US Bankruptcy Code. Based on these facts, explain what steps, if any, should the foreign representative take to protect the assets and why?

Under the Corporate Insolvency and Governance Act 2020, certain ipso facto clauses for the supply of goods and services cease to have effect in certain UK insolvency proceedings.

The UK Supreme Court clarified in *Belmond Park v BNY Corporate Trustee Services* [2011] UKSC 38 that ipso facto are valid and enforceable in UK insolvency proceedings.

Providing the foreign proceedings and foreign representative meet the requirements under Article 17(1)(a), and there is no grounds to invoke Article 6, the public policy exception, the proceedings can be opened as foreign main proceedings.

Therefore, before seeing recognition proceedings in the US, the foreign representative should ensure that proceedings have commenced in the UK, where they cease to have effect.

Requires discussion based upon Art.19 MLCBI on interim relief and its definitions, as well as references to the provisions of Art 20 and/or 21 MLCBI on post-recognition relief as applicable.

**Question 3.4 [maximum 4 marks] 1 mark**

A foreign representative, who administers the assets of an insolvent debtor in an insolvency proceeding pending in Country A (where the foreign debtor has its registered office and not much more), commenced a proceeding in Country B to recognise the foreign proceeding as the foreign main proceeding in order to sell certain assets within the territorial jurisdiction of Country B, but unfortunately the insolvency court considering the petition for recognition denied the recognition of the foreign proceeding as a foreign main proceeding. Explain what may or should the foreign representative do next? What should the foreign representative have done at the outset?

The foreign representative should have first established where the debtor COMI was, as that would be the place to issue main proceedings.

The foreign representative should have ensured that the formalities requirements under Article 15(2) of Model Law were met. As there are only certain assets within the jurisdiction of Country B, the court will more likely recognise the foreign proceedings as non-main under Article 2(b). However, if there isn't an establishment in country B, as it seems from the facts, Article 9 gives foreign representatives standing in foreign courts

**Art.16 MLCBI is the main reference for “rebuttable COMI presumption” which needs to be discussed and referred to in order to highlight the weak COMI and substantiate your answer. References to Art.17, 21, 6 are also required for full marks.**

**QUESTION 4 (fact-based application-type question) [15 marks in total] 4 marks**

**Assume you received a file for a new client of the firm. The file contains the facts described below. Based on these facts, analyse key filing strategy to ensure a successful restructuring - specifically, whether to apply for recognition of main or nonmain proceeding or both (in light of COMI / establishment analysis), what papers need to be submitted, and what relief should be requested on day one of the filing.**

The client is a Cayman Islands incorporated and registered entity. It is a financial service holding company for a number of direct and indirect subsidiaries that operate in the commercial automobile insurance sector in the United States. Globe Holdings was initially formed as a Canadian company in 2009, under the laws of Ontario, Canada. A year later, following certain reverse merger transactions, it filed a Certificate of Registration by Way of Continuation in the Cayman Islands to re-domesticate as a Cayman Islands company and changed its name to Globe Financial Holdings Inc. When it re-incorporated in the Cayman Islands in 2010 (from Canada), Globe Holdings provided various notices of its re-incorporation, including in the public filings with the Securities and Exchange Commission (SEC). Around that time, Globe Holdings retained its Cayman Islands counsel Cedar and Woods, which has regularly represented Globe Holdings for over a decade. Globe Holdings has a bank account (opened just a few days ago) in the Cayman Islands from which it pays certain of its operating expenses. Globe Holdings often holds its board meetings virtually, and not physically in the Cayman Islands, and, having obtained support for a bond restructuring, all its regular and special board meetings have been organized by its local Cayman counsel virtually. The client also maintains its books and records in the Cayman Islands. Its public filings with the SEC as well as the prospectus provided in connection with the issuance of the Notes disclosed that Globe Holdings is a Cayman Islands company and explained the related indemnification and tax consequences resulting from Globe Holdings' place of reformation.

Globe Holdings has no business operations of its own. The business is carried out through its non-insurance company non-debtor subsidiaries that are all incorporated under the US laws and operating in the US. All employees are in the US. The headquarters are also in the US.

In April 2017, Globe Holdings offered and issued USD 25,000,000 in aggregate nominal principal amount of 6.625% senior unsecured notes due in 2023 (referenced above as the Notes) governed by New York law.

In 2019, Globe Holdings recorded on its consolidated balance sheet a significant increase in liabilities. As a result, Globe Holdings worked with external professional advisors to undertake a formal strategic evaluation of its subsidiaries' businesses. In September 2020, Globe Holdings announced that it was informed its shares would be suspended from the NASDAQ Stock Market due to delinquencies in filing its 10-K. Thereafter, on November 6, 2020, its shares were delisted from the NASDAQ stock market.

An independent third party is actively marketing the sale of the corporate headquarters located in New York including the land, building, building improvements and contents including furniture and fixtures.

Despite these efforts to ease the financial stress, the culmination of incremental challenges consequently resulted in Globe Holdings being both cash flow and balance sheet insolvent.

Globe Holdings retained Cedar and Woods, its long-standing Cayman Islands counsel, to advise on restructuring alternatives. Upon consultations with Cayman counsel and its other professionals, Globe Holdings ultimately determined that the most value accretive path for the Noteholders was to commence a scheme under Cayman Islands law, followed by a chapter 15 recognition proceeding in the United States, most notably to extend the maturity of the Notes and obtain the flexibility to pay the quarterly interest "in kind".

Globe Holdings expeditiously secured the support of the majority of the Noteholders of its decision to delay interest payments and restructure the Notes through a formal proceeding. Thereafter, on August 31, 2021, about 57% of the Noteholders acceded to the Restructuring Support Agreement (RSA) governed by the New York law. The RSA memorialized the agreed-upon terms of the Note Restructuring. When Globe Holdings approached its largest Noteholders regarding the contemplated restructuring, their expectations were that any such restructuring would take place in the Cayman Islands, which is reflected in the RSA.

On July 4, 2023, the client, in accordance with the terms of the RSA, applied to the Cayman Court for permission to convene a single scheme meeting on the basis that the Noteholders, as the only Scheme Creditors, should constitute a single class of creditors for the purpose of voting on the Scheme.

On July 26, 2023 the Cayman Court entered a convening order (the Convening Order) on the papers, among other things, authorizing the client to convene a single Scheme Meeting for the purpose of considering and, through a majority vote, approving, with or without modification, the Scheme. The Scheme Meeting was held in the Cayman Islands at the offices of Cedar and Woods. Given the Covid-19 pandemic, Scheme Creditors were also afforded the convenience of observing the Scheme Meeting via Zoom and in person via a satellite location in New York. Following the Scheme Meeting, the chairman of the Scheme Meeting (presiding over the meeting in person) reported to the Cayman Court that the Scheme was overwhelmingly supported by the Noteholders, with 91.83% in number and 99.34% in value voting in favor of the Scheme. The Sanction Hearing was held, and an order sanctioning the Scheme (the Sanction Order), which was filed with the Cayman Islands Registrar of Companies the same day.

During all of this time, a class action litigation was in the US was brewing but has been filed yet.

COMI is in the US based on the fact, in particular as Globe Holdings has no business operations of its own, however the business is carried out through non-insurance company and non-debtor subsidiaries incorporated in the US. Until recently it was listed on the US

stock market NASDAQ, The recent unsecured note was is also governed by New York. Therefore, the main proceedings will be in the US.

Establishment is in the Cayman Islands based on the very recent bank account that was opened in the Cayman islands, the company has been incorporated in the cayman islands, although no assets are in the US as discussed above, therefore the non-main will be in the Cayman islands.

Article 15 sets the requirements for recognition, an application for recognition shall be accompanied by:

- Certified copy of the decision commencing the foreign proceedings and appointment of the foreign representative or
- Certificate from the foreign court affirming the existence of foreign proceedings and appointing the foreign representative; or
- If either of the two points above are not available, then other acceptable evidence showing the above.

If the requirements are met recognition is granted under Article 17 and should be decided at the earliest opportunity.

The relief sought will be staying an execution against the debtors assets under article 19.

As this question is a **fact-based application-type question**, it requires the MLCBI provisions to be applied to the facts of the case and substantiated with references and a discussion. The answer should contain as a minimum:

1. Definitions (COMI, establishment, foreign main/non-main proceedings etc.) with respective references to (if any) MLCBI provisions
2. A discussion on the rebuttable presumption of the COMI per Article 16(3) MLCBI and alternative courses of action
3. Conclusive remarks with reference to Articles 19 through 22 MLCBI and 6 MLCBI (*mention of Art. 19 MLCBI is noted*)
