

SUMMATIVE (FORMAL) ASSESSMENT: MODULE 2A

THE UNCITRAL MODEL LAWS RELATING TO INSOLVENCY

This is the **summative (formal) assessment** for **Module 2A** of this course and is compulsory for all candidates who **selected this module as one of their compulsory modules from Module 2**. Please read instruction 6.1 on the next page very carefully.

If you selected this module as **one of your elective modules**, please read instruction 6.2 on the next page very carefully.

The mark awarded for this assessment will determine your final mark for Module 2A. In order to pass this module, you need to obtain a mark of 50% or more for this assessment.

INSTRUCTIONS FOR COMPLETION AND SUBMISSION OF ASSESSMENT

Please read the following instructions very carefully before submitting / uploading your assessment on the Foundation Certificate web pages.

1. You must use this document for the answering of the assessment for this module. The answers to each question must be completed using this document with the answers populated under each question.
2. All assessments must be submitted electronically in MS Word format, using a standard A4 size page and a 11-point Arial font. This document has been set up with these parameters – **please do not change the document settings in any way. DO NOT** submit your assessment in PDF format as it will be returned to you unmarked.
3. No limit has been set for the length of your answers to the questions. However, please be guided by the mark allocation for each question. More often than not, one fact / statement will earn one mark (unless it is obvious from the question that this is not the case).
4. You must save this document using the following format: **[student ID.assessment2A]**. An example would be something along the following lines: 202223-336.assessment2A. **Please also include the filename as a footer to each page of the assessment** (this has been pre-populated for you, merely replace the words “studentID” with the student number allocated to you). Do not include your name or any other identifying words in your file name. **Assessments that do not comply with this instruction will be returned to candidates unmarked.**
5. Before you will be allowed to upload / submit your assessment via the portal on the Foundation Certificate web pages, you will be required to confirm / certify that you are the person who completed the assessment and that the work submitted is your own, original work. Please see the part of the Course Handbook that deals with plagiarism and dishonesty in the submission of assessments. **Please note that copying and pasting from the Guidance Text into your answer is prohibited and constitutes plagiarism. You must write the answers to the questions in your own words.**
- 6.1 If you selected Module 2A as one of your **compulsory modules** (see the e-mail that was sent to you when your place on the course was confirmed), the final time and date for the submission of this assessment is **23:00 (11 pm) GMT on 1 March 2024**. The assessment submission portal will close at 23:00 (11 pm) GMT on 1 March 2024. No submissions can be made after the portal has closed and no further uploading of documents will be allowed, no matter the circumstances.
- 6.2 If you selected Module 2A as one of your **elective modules** (see the e-mail that was sent to you when your place on the course was confirmed), you have a **choice** as to when you may submit this assessment. You may either submit the assessment by **23:00 (11 pm) GMT on 1 March 2024** or by **23:00 (11 pm) BST (GMT +1) on 31 July 2024**. If you elect to submit by 1 March 2024, you **may not** submit the assessment again by 31 July 2024 (for example, in order to achieve a higher mark).

ANSWER ALL THE QUESTIONS

Please note that all references to the “MLCBI” or “Model Law” in this assessment are references to the Model Law on Cross-Border Insolvency.

QUESTION 2 (direct questions) [10 marks in total] 10 marks

Question 2.1 [maximum 3 marks] 3 marks

What is the key distinction between the application of the MLCBI and the European Union (EU) Regulation on insolvency proceedings? Also describe one key benefit and disadvantage of each approach.

[The key distinction between the MLCBI and the European Union Regulation on Insolvency proceedings is that the former is not intended to create substantive rights but rather create a template of sorts that can be adopted by different states in their laws and is not exclusive to any region while the latter is binding on all European Union member countries.

The key benefit of the MLCBI is that it promotes recognition, coordination, and cooperation across different jurisdictions handling insolvency-related cases the disadvantage is that for this to work, the MLCBI should have been adopted and incorporated into the domestic law of the states.

The key benefit of the European Union Regulation is that it creates unity across member states in the handling of insolvency cases thereby creating room for expedited resolution of the proceedings. The key disadvantage is that its application is limited to European Union member countries and may find challenges when dealing with entities that have assets outside the member states.]

Question 2.2 [maximum 2 marks] 2 marks

Explain what the court should primarily consider using its discretionary power to grant post-recognition relief under Article 21 of the MLCBI.

[Article 21 empowers courts with the discretionary power to grant post-recognition relief. In granting this relief court has to be alive on the effect that the relief will have on the rights of the creditors both foreign and domestic and on the insolvency legislation of the state.]

Question 2.3 [2 marks] 2 marks

Explain the protections granted to creditors in a foreign proceeding under Article 13 of the MLCBI.

[Foreign creditors have the same rights as creditors domiciled in the enacting state regarding commencement, and participation in the local proceedings involving the debtor, and this is done in line with the insolvency law of the enacting state. The creditors are given the same kind of treatment given to the creditors of the enacting state in terms of priority of claims and are not to be discriminated against merely because their claims are foreign.]

Question 2.4 [maximum 3 marks] 3 marks

What is a key distinction with respect to the relief available in foreign main versus foreign non-main proceedings?

[The relief available in foreign non-main proceedings is automatic and mandatory and applies globally while relief granted under the foreign non-main proceedings is not automatic but discretionary at the instance of the court and comes after recognition. Non-main proceedings are also applicable to the assets found in the state where the proceedings are taking place.]

QUESTION 3 (essay-type questions) [15 marks in total] 2 marks

Question 3.1 [maximum 4 marks] 1 mark

A debtor has its COMI in Germany and an establishment in Bermuda, and both foreign main and foreign non-main proceedings as well as the recognition proceedings in the US have been opened. In this scenario, explain where the foreign proceedings must have been filed, and the likely result.

[The foreign proceedings must have been filed in Germany because it has the COMI and the foreign non-main proceedings in Bermuda since the establishment of the debtor in Bermuda. The recognition proceedings must have been initiated by the foreign representative to protect the assets of the debtor in the US.

The likely results are dependent on the laws of the different jurisdictions and whether there is recognition, coordination, and cooperation within the different countries. However, courts in Germany and Bermuda need to cooperate to protect the interests of the creditors and the US Court may recognise the main and non-main proceedings.]

Discussion on FNMP? Moreover, answer is not substantiated ie No reference made to MLCBI definitions (Art.2), and procedures Art.17, 15, 6, etc...

Question 3.2 [maximum 3 marks] 0 mark

Joint provisional liquidators commenced a recognition proceeding in the US and immediately were sued and served with discovery in connection with their alleged tortious interference with contract rights of the US-based vendors of the foreign debtor. Explain the likely outcome.

[Depending on the facts of the case, the law of US, and the fact that the liquidators have provided what is required for recognition proceedings before the court, court may recognise their proceedings and grant them temporary relief that protects them and allows them to execute their mandate or dismiss the recognition proceedings if they fall short of the requirements before court.]

Needs discussion around Art.10 MLCBI

Question 3.3 [maximum 4 marks] 0 mark

A foreign representative who administers assets in a debtor-in-possession-like restructuring proceeding in the UK commences a recognition proceeding in the US, setting the recognition hearing 35 days after the petition date due to the availability of the court. There is no litigation pending or threatened against the foreign debtor, but US-governed leases and intellectual property licenses have *ipso facto* clauses (that is, bankruptcy-triggered terminations) that are not enforceable under the US Bankruptcy Code. Based on these facts, explain what steps, if any, should the foreign representative take to protect the assets and why?

[The foreign representative needs to review the ipso facto clauses to assess the protection that the leases and intellectual property licenses have under the US jurisdiction since they form part of the debtor's assets. Once the status of the assets is established, the creditors need to be notified. The foreign representative needs to monitor the proceedings before the court and encourage coordination among the creditors which will ease the administration of the assets for the benefit of all creditors.]

Needs discussion around relief in Art. 19 and the conclude with Art. 20 and/or 21 MLCBI as appropriate

Question 3.4 [maximum 4 marks] 1 mark

A foreign representative, who administers the assets of an insolvent debtor in an insolvency proceeding pending in Country A (where the foreign debtor has its registered office and not much more), commenced a proceeding in Country B to recognise the foreign proceeding as the foreign main proceeding in order to sell certain assets within the territorial jurisdiction of Country B, but unfortunately, the insolvency court considering the petition for recognition denied the recognition of the foreign proceeding as a foreign main proceeding. Explain what may or should the foreign representative do next. What should the foreign representative have done at the outset?

[Article 15 of the MLCBI is instructive on the requirements that have to be met for one to qualify for recognition; the fact that the court denied the foreign proceeding recognition means that it fell short of the requirements under Article 15. The foreign representative needs to regroup and ensure that all these requirements are satisfied like the certified copy of the decision commencing the foreign proceedings appointing the foreign representative, a certificate from the foreign court affirming the existence of the foreign proceeding, and of the appointment of the foreign representative. If Article 15 was complied with the foreign representative can consider appealing the decision to a court with a higher jurisdiction.]

Although relevant, formalities under 15 MLCBI are likely not the only issue, considering that the debtor has weak COMI. This answer requires evaluation/discussion based on Art. 16, 17, 21 as well as 6 MLCBI

QUESTION 4 (fact-based application-type question) [15 marks in total] 1 mark

Assume you received a file for a new client of the firm. The file contains the facts described below. Based on these facts, analyse key filing strategy to ensure a successful restructuring – specifically, whether to apply for recognition of main or nonmain proceeding or both (in light of COMI / establishment analysis), what papers need to be submitted, and what relief should be requested on day one of the filing.

The client is a Cayman Islands incorporated and registered entity. It is a financial service holding company for a number of direct and indirect subsidiaries that operate in the commercial automobile insurance sector in the United States. Globe Holdings was initially formed as a Canadian company in 2009, under the laws of Ontario, Canada. A year later, following certain reverse merger transactions, it filed a Certificate of Registration by Way of Continuation in the Cayman Islands to re-domesticate as a Cayman Islands company and changed its name to Globe Financial Holdings Inc. When it re-incorporated in the Cayman Islands in 2010 (from Canada), Globe Holdings provided various notices of its re-incorporation, including in the public filings with the Securities and Exchange Commission (SEC). Around that time, Globe Holdings retained its Cayman Islands counsel Cedar and Woods, which has regularly represented Globe Holdings for over a decade. Globe Holdings has a bank account (opened just a few days ago) in the Cayman Islands from which it pays certain of its operating expenses. Globe Holdings often holds its board meetings virtually, and not physically in the Cayman Islands, and, having obtained support for a bond restructuring, all its regular and special board meetings have been organized by its local Cayman counsel virtually. The client also maintains its books and records in the Cayman Islands. Its public filings with the SEC as well as the prospectus provided in connection with the issuance of the Notes disclosed that Globe Holdings is a Cayman Islands company and explained the related indemnification and tax consequences resulting from Globe Holdings' place of reformation.

Globe Holdings has no business operations of its own. The business is carried out through its non-insurance company non-debtor subsidiaries that are all incorporated under the US laws and operating in the US. All employees are in the US. The headquarters are also in the US.

In April 2017, Globe Holdings offered and issued USD 25,000,000 in aggregate nominal principal amount of 6.625% senior unsecured notes due in 2023 (referenced above as the Notes) governed by New York law.

In 2019, Globe Holdings recorded on its consolidated balance sheet a significant increase in liabilities. As a result, Globe Holdings worked with external professional advisors to undertake a formal strategic evaluation of its subsidiaries' businesses. In September 2020, Globe Holdings announced that it was informed its shares would be suspended from the NASDAQ Stock Market due to delinquencies in filing its 10-K. Thereafter, on November 6, 2020, its shares were delisted from the NASDAQ stock market.

An independent third party is actively marketing the sale of the corporate headquarters located in New York including the land, building, building improvements and contents including furniture and fixtures.

Despite these efforts to ease the financial stress, the culmination of incremental challenges consequently resulted in Globe Holdings being both cash flow and balance sheet insolvent.

Globe Holdings retained Cedar and Woods, its long-standing Cayman Islands counsel, to advise on restructuring alternatives. Upon consultations with Cayman counsel and its other professionals, Globe Holdings ultimately determined that the most value accretive path for the Noteholders was to commence a scheme under Cayman Islands law, followed by a chapter 15 recognition proceeding in

the United States, most notably to extend the maturity of the Notes and obtain the flexibility to pay the quarterly interest “in kind”.

Globe Holdings expeditiously secured the support of the majority of the Noteholders of its decision to delay interest payments and restructure the Notes through a formal proceeding. Thereafter, on August 31, 2021, about 57% of the Noteholders acceded to the Restructuring Support Agreement (RSA) governed by the New York law. The RSA memorialized the agreed-upon terms of the Note Restructuring. When Globe Holdings approached its largest Noteholders regarding the contemplated restructuring, their expectations were that any such restructuring would take place in the Cayman Islands, which is reflected in the RSA.

On July 4, 2023, the client, in accordance with the terms of the RSA, applied to the Cayman Court for permission to convene a single scheme meeting on the basis that the Noteholders, as the only Scheme Creditors, should constitute a single class of creditors for the purpose of voting on the Scheme.

On July 26, 2023 the Cayman Court entered a convening order (the Convening Order) on the papers, among other things, authorizing the client to convene a single Scheme Meeting for the purpose of considering and, through a majority vote, approving, with or without modification, the Scheme. The Scheme Meeting was held in the Cayman Islands at the offices of Cedar and Woods. Given the Covid-19 pandemic, Scheme Creditors were also afforded the convenience of observing the Scheme Meeting via Zoom and in person via a satellite location in New York. Following the Scheme Meeting, the chairman of the Scheme Meeting (presiding over the meeting in person) reported to the Cayman Court that the Scheme was overwhelmingly supported by the Noteholders, with 91.83% in number and 99.34% in value voting in favor of the Scheme. The Sanction Hearing was held, and an order sanctioning the Scheme (the Sanction Order), which was filed with the Cayman Islands Registrar of Companies the same day.

During all of this time, a class action litigation was in the US was brewing but has been filed yet.

[From the given facts, Globe Holdings is in the process of initiating a restructuring plan under the Cayman Island Law and recognition proceedings in the United States. From the facts, the COMI of the company seems to be the Cayman Island since the company was incorporated and registered there, together with its financial records and reports and the bank account among others. What needs to be established is whether the fact that Globe Holdings Limited is transacting through companies that are incorporated in the US is sufficient to qualify as an establishment. The options are several; since the restructuring scheme is already before the Cayman Island court, the foreign representative should apply for interim relief and align the restructuring plan to the laws of the Cayman Island. There after the foreign representative can subsequently apply for recognition of the proceedings in the US and also apply for relief or apply the same relief, which may protect the company against the class action litigation.]

Needs (1) definitions per Art.2 MLCBI as they apply in this situation; (2) discussions over the alternatives (what if?) regarding presumptions/rebuttal concerning COMI per Art.16 and their application to the case; (3) necessary procedures per Art 15, 17....; finally, (4) a conclusion based upon Art.19, 20, 21... - also taken into account Art.22, 6... MLCBI.
