Dear Joost

### **Case Study II Results**

Case study II results have been finalised and approved by the core committee. Your mark for Case study II was **8.5** which is graded as **Excellent**.

Below is an evaluation of your paper by the examiner.

***Good grasp of key objectives. Exec summary. Considering consensual options (INSOL Principles) first. Good attention for stakeholder positions en key things to get implemented through formal proceedings/frameworks.***

***Ok consideration of frameworks. Not entirely on point for ch11 jurisdiction for foreign companies (grain of salt, peppercorn...). Also not entirely on point on stay in NL suspension of payments... automatic for unsecured debt! Good research on RO proceedings. Good catch, analysis of intra-group/cross-border issues, dependencies.***

***Very good analysis of what would have to be achieved and the possibilities to do so. Same re UK angle. Good overall comprehensive approach.***

We are pleased to inform you that you passed Case study II as the required pass mark was 5.00. Congratulations!

Kind regards
