Dear Thorben

Case Study II Results

Case study II results have been finalised and approved by the core committee. Your mark for Case study II was **7.0** which is graded as **Competent**.

Below is an evaluation of your paper by the examiner.

Good, heads-on engagement with the key issues. Structure chart. Boldly, very succinctly written. No discernible use of source materials (cites, references). OK understanding and application of COMI - but stays away from details and hence does not answer how realistic the suggested approach is.

All in all demonstrates good understanding of the key issues and solutions and clear view, creativity: but (lack of time?) (too) broad brush. Brushes over many potential issues and impediments (directors, governing law of debts, local enforcements/creditors, cross-guarantees...). Form is not overly professional/advice to client.

We are pleased to inform you that you passed Case study II as the required pass mark was 5.00. Congratulations!

Kind regards
