Dear Jonathon

Case Study II Results

Case study II results have been finalised and approved by the core committee. Your mark for Case study II was **8.5** which is graded as **Excellent**.

Below is an evaluation of your paper by the examiner.

Thorough consideration of all key objectives. Exec summary: nice. Well done on using schematics/structure charts/overviews. Very good pickup on missing, key information. In depth and on point considerations of tools incl. WHOA, including relevant case law! And including jurisdiction considerations.

Some good consideration of stakeholder positions. Same on EIR/Group coord. proceedings and other international instruments worldwide (but how about UNCITRAL Model Law on Group Insolvency?).

Very good on UK analysis (except: no recognition of most relevant tools under EIR even before Brexit...). Good attention to stakeholder management.

Overall strong- but slightly (too?) quick on 'solving' the RO/driver issues, recognition of NL proceedings... No (real/explicit) pickup on (local) director's (liability) issues. No (full) regard for FIA licenses, revenues etc. as key assets, possible impact of restructuring. Directors...?

We are pleased to inform you that you passed Case study II as the required pass mark was 5.00. Congratulations!

Kind regards
